Testimonial

Our wedding reception at The Crown Hotel, Well-next-the-Sea, in April 2012 was a truly remarkable and unforgettable experience. The accommodation we and our families enjoyed was of the highest quality, with each room offering its own personality and character. The whole weekend stay was comfortable and continually welcoming. The wedding breakfast was of very high quality, with beautifully presented and innovative dishes using locally produced food. The wedding cake the hotel made for us, a three tier chocolate brownie cake, was astoundingly beautiful and tasted very rich and chocolatey.

Every need we could have ever dreamed of was catered for. The weekend could not have been so fantastic had it not been for the service offered by the hotel's staff. The whole team worked tirelessly for us; whether it was serving drinks or food to tidying hotel rooms and maintaining order. Kelly, the hotel manager, leads the informal atmosphere of the hotel. Her tireless effort over the weekend, to meet all our needs (and more that we had not even thought of) is a testament to the commitment that she and her team can offer. She lead an almost personalised service for us all weekend, which was never expected. She went above and beyond anything we could have imagined; from getting to know our guests by name to carrying wedding presents to our room through the evening.

A massive thank you to The Crown; the staff, the manager and the experience. We have absolutely no hesitation in thoroughly recommending the hotel to anyone; you will be exceptionally well looked after.

Testimonial

We hosted our wedding reception at the Crown Hotel on the 26th of October 2013 and it was a truly amazing and memorable experience.

The venue itself has the rustic North Norfolk feel without being at all pretentious. Many of our guests stayed in the hotel over the weekend and all the rooms were stunning with an individual touch to each room, and all of our guests had excellent experiences of the accommodation.

We stayed in room 12 which is a charming room for a bridal suit, its classic décor, exposed beams and private aspect make it really romantic especially with views out over wells, including the church lit up at sunset.

The staff at the Crown were exceptional from start to finish, all were extremely friendly and welcoming and not a thing was too much trouble. They worked tirelessly to ensure that our day went according to plan, even organising and supervising a Teddy bears picnic for the many children who attended, decorating the orangery in preparation for the evening, getting our guest book circulated for signing, ferrying gifts and cards to our room and organising the flow of events in the evening with such skill that the evening just went a dream.

Kelly the manager oversaw everything and was just amazing in everyway. From our initial contact with her in the spring to checking out on our last day she went above and beyond to ensure we had the wedding of our dreams, and at times it felt like we had a wedding planner. She not only organised but also helped us to come up with some excellent ideas about how to personalise our reception to meet the needs of our guests and this made the event all the better.

The food at the Crown was absolutely faultless, from breakfast to buffets and sit down meals, everything we had in the time we spent at the Crown was beautiful.

We truly had an amazing experience at the Crown and would not hesitate to recommend for anyone who is looking for a wedding venue that can offer friendly and welcoming staff, a personalised experience, a beautiful setting and fantastic food.

Thank you to all at The Crown
